教育理 [U+8BBA]

2.1 Introduction to Philosophy¹

If you do want to learn this material, you should get the textbook, *Thinking It Through* by Kwame Anthony Appiah. All of the materials that are available are designed to help students who are reading the book, and the materials by themselves will not be useful as a replacement for the book. This course is constructed around reading the book, and is designed to (1) familiarize students with several of the main areas of philosophy and (2) help students improve their reading comprehension skills (and their thinking skills—the two skills go together).

About Connexions

Since 1999, Connexions has been pioneering a global system where anyone can create course materials and make them fully accessible and easily reusable free of charge. We are a Web-based authoring, teaching and learning environment open to anyone interested in education, including students, teachers, professors and lifelong learners. We connect ideas and facilitate educational communities.

Connexions's modular, interactive courses are in use worldwide by universities, community colleges, K-12 schools, distance learners, and lifelong learners. Connexions materials are in many languages, including English, Spanish, Chinese, Japanese, Italian, Vietnamese, French, Portuguese, and Thai. Connexions is part of an exciting new information distribution system that allows for **Print on Demand Books**. Connexions has partnered with innovative on-demand publisher QOOP to accelerate the delivery of printed course materials and textbooks into classrooms worldwide at lower prices than traditional academic publishers.
