## Abstract

Minority Studies: A Brief Sociological Text is a very, very brief textbook suitable for use as a supplemental or stand-alone text in a college-level minority studies Sociology course. Any instructor who would choose to use this as a stand-alone textbook would need to supply a large amount of statistical data and other pertinent and extraneous Sociological material in order to "flesh-out" fully this course. Each module/unit of Minority Studies: A Brief Sociological Text contains the text, course objectives, a study guide, key terms and concepts, a lecture outline, assignments, and a reading list.
